EXPLODED.

A Chinaman Causes Awful Loss Of
Life.

SAN FRANCISCO, July 19.—Yester-
day afternoon a Chinese workman from
Melrose, who works near Oakland,
named Qing Uag Chung, killed a
Chinese merchant and then took re-
fuge in a powder magazine, threaten-
ing to blow it up if any one attempted
to capture him. He barricaded the
doors.

At six this morning an explosion oc-
curred which shook every house in
San Francisco as if by earthquake.
Inquiry developed the fact that the
Chinaman had been true to his word
and had, in an insane desire to escape
justice, blown himself into atoms
while at the same time he wrought
destruction on every house within the
radius of a quarter mile from the
magazine.

Shortly before the explosion Con-
stable Koch slipped up and slammed
the door on the Chinaman, who im-
mediately fired his pistol into a can
of powder, which exploded with aw-
ful results. The building was de-
molished, Koch, Deputy Sheriff Charles
White, Deputy Sheriff Geo. Woodson,
of Alameda, and four others whose
names cannot be learned were in-
stantly killed, while others badly in-
jured will die. Mrs. Woodson, jan-
itress of a school near by, died of
shock.

Every building within 300 yards ra-
dius of the explosive was razed and
fired. Ten box cars caught fire from the
burning buildings.

CONGRESSMEN

Express Their Sentiments About the
War.

WASHINGTON, July 19.—Senator
Warren, of Wyoming, who has lately
had a number of conversations with
the highest government officials, has
reached the conclusion as a result that
the end of the war with Spain will de-
prive her of every colony in her pos-
session. "Call it imperialism if you
will, but this government will be com-
pelled to push its conquest, and there
is no reason why the United States
should not have the benefit that will be
derived in a commercial sense should
Spain vacate some of her most valuable
possessions."

Other well known congressmen who
have looked into the situation hardly
look for further hostilities until win-
ter. They have been made to under-
stand that an attack upon Havana will
not be commenced until the latter part
of October, when there will be little
danger of yellow fever.

GUANTANAMO

Is Ours by This Time.

NEW YORK, July 19.—A special to
the Evening Journal from Guantanamo
dated July 16, says: Calmanera and
Guantanamo are about to surrender,
and the Stars and Stripes will soon
float over these places. Four thousand
Spanish soldiers have laid down their
arms. Eight hundred prisoners are
ill. Several gunboats and over a thou-
sand prisoners were captured.

Capt. McCalla of the Marblehead
sent officers to notify the Spaniards of
the surrender of Santiago, and to give
them four hours to haul down the
Spanish flag.

STEAMERS RESUMED.

Regular Weekly Service to San-
tiago.

NEW YORK, July 19.—The Ward
line will immediately start a weekly
line of steamers to Santiago. The
first steamer is scheduled to sail Sat-
urday, carrying a number of Cubans,
headed by Enrique Trujillo, editor and
publisher of El Porvenir, a Cuban
weekly newspaper. He will take a
staff of assistants and print a paper in
Spanish and English at Santiago.

THEY FEAR.

Spanish Coast Cities Want Peace
Before Watson's Arrival.

MADRID, July 19.—The president of
the Madrid chamber of commerce has
received twenty-five declarations in
favor of peace from chambers of com-
merce representing the coast districts.
None of the chambers of inland cities
declared either way.

Commodore Schley's Cousin Dead.

TAMPA, July 19.—Professor Schley,
a cousin of Commodore Schley, died
suddenly at his rooms in the hotel here
today. The doctors pronounce the
death due to an overdose of morphine.
He was a teacher of English, Spanish,
French and German. He had received
a letter recently from the commodore
referring to some appointment. This
was found open on his desk, indicating
a reason for his taking poison. His
mother is wealthy and lives in New
York. The professor recently lost a
fortune by speculation.

President Andrews Accepts.

CHICAGO, July 19.—Prof. E. Benja-
min Andrews, president of Brown Uni-
versity, telegraphed his acceptance of
the superintendency of the Chicago
public schools this morning.

AT SANTIAGO.

United States Ships Enter The Har-
bor.

NEW YORK, July 19.—A special
cable to the Evening Journal from Pla-
ya del Este says: All American trans-
port ships which have been anchored
off Aguadores, Baiquiri, and elsewhere
along the coast passed Morro Castle
and entered the harbor of Santiago
this afternoon.

Twenty of them were able to pass
the wreck of the Merrimac single file,
and are now anchored in the bay near
the spot where Cervera's ships lay for
so many weeks. It will probably be
necessary to blow up the Merrimac in
order to make the channel entrance
larger for the warships of Sampson's
fleet.

Some of the Spanish officers now on
parole in this city are not yet con-
vinced that Santiago is lost to them
forever. They express the hope that
the city will be retaken by Spain
shortly.

Rear Admiral Sampson arrived in
the city today on board the auxiliary
gunboat Vixen. Commodore Schely on
board his steam launch formally re-
ceived General McKibben, military
governor, late Lieutenant colonel
of the 21st infantry.

There are forty two Cuban political
prisoners still in the city jail, includ-
ing six women. Shafter was apprised
this afternoon of the charge against
the prisoners and their release will
surely follow.

Gen. Garcia marched his troops to
the cemetery outside the city yesterday
and decorated the graves of Cespedes
and Marti, "patriot martyrs."

22,798 PRISONERS?

Turned Over By Gen. Toral.

WASHINGTON, July 19.—A dis-
patch received this morning dated
Playa del Este, July 18, says: Adjut-
ant General, Washington: The roster
of prisoners has been handed in this
afternoon by Gen. Toral, numbering
22,798.

(Signed) SHAFER.

WASHINGTON, July 19.—After the
cabinet meeting today Secretary Al-
ger told a group of waiting newspaper
men that the Porto Rican expedition
had started from various points to-
day.

The secretary also made the state-
ment that the 22,798 Spanish prisoners
mentioned in Shafter's report today
in Santiago did not include Spanish
troops in other places. It is estimated
that there are twelve thousand at
other places. With this number more
transported in the advertisement.

DEWEY NEXT.

He Is Well Able To Take Care of
Himself.

WASHINGTON, July 19.—It is De-
wey's turn next. He began by destroy-
ing Montijo's fleet. Then Schley de-
stroyed Cervera's ships. Next De-
wey captured Grande Island in Subig
Bay. Shafter then took Santiago.
The navy department is hourly ex-
pecting word from Dewey that Manila
has fallen.

The administration, while anxious,
will not be fearful of the outcome of
events in the Philippines. No other
commander is so confidently relied on
to meet all emergencies.

The second expedition must be al-
most at Manila now. Its arrival will
mean the surrender of August.

SPANIARD DESTROYED

A Steamship With Valuable Cargo
Destroyed By The Eagle.

KEY WEST, July 19.—The Nashville
arrived today, and reported the de-
struction of the Spanish steamship San-
to Domingo near Cape Francis, July
12, by the Eagle, commanded by Lieut-
enant Southerland. The Santo Do-
mingo was a vessel of five thousand
tons, laden with fifty head of cattle and
a large cargo of grain. She carried
mounted on deck several two inch guns
and had on her hold two 12 inch
guns.

PRIZES

To Be Sold At Auction.

SANDY HOOK, N. J., July 19.—Four
Spanish prize steamers conveyed by
the cruiser Newport and the torpedo
boat Porter were sighted off Barnegat
at noon today, headed for New York.
The prizes are ships captured early in
the war and taken to Key West. They
will be sold here at public auction.

CHICAGO STILL HOT.

Deaths And Prostrations Continue.

CHICAGO, July 19.—The heat wave is
still here. Prostrations continue this
morning. One fatality was reported,
the victim being Detective Murphy.
Three deaths and six prostrations have
been reported since yesterday.

Pelayo Damaged.

NEW YORK, July 19.—A dispatch to
the Evening Telegram from Paris re-
ports that the Spanish battleship
Pelayo was damaged by the explosion
of one of her magazines.

TO PORTO RICO.

General Movement To Begin At
Once.

WASHINGTON, July 19.—A general
movement of troops to Porto Rico will
be begun at the earliest moment pos-
sible. The latest reports received at
the war department show that over six
thousand troops are embarked at Tam-
pa ready to sail.

Brigadier General Ernst is at Charle-
ston awaiting transports. Haines's
brigade, consisting of the Thirty-fourth
Pennsylvania and Fourth Ohio, was
last night ordered from Chickamauga
to Newport News. The batteries
now at Chickamauga have also re-
ceived orders to proceed to Newport
News.

The sailing of the Tampa forces had
not been reported to the war depart-
ment up to twelve o'clock.

WASHINGTON, July 19.—A number
of suspicious fever cases have devel-
oped among the troops at Tampa and it
is feared that yellow fever may be
among them. As a result of this, or-
ders were issued by the war depart-
ment this afternoon directing the aban-
donment of the camp at Tampa. All
troops now at Tampa not taken to Por-
to Rico will be sent to Fernandina. Or-
ders for removal are immediate.

Captain Wanted For Burglary.

CHICAGO, July 19.—Captain Chas.
E. Malm, late of the U. S. army, who
was prominently mentioned among the
candidates for the consulship at St.
Petersburg, is wanted by the Chicago
police. The ex-soldier is charged with
burglary in a warrant sworn out by
M. C. Arndstein, who accuses Malm
of breaking into his store and stealing
\$300.

Independence Day Meeting.

The executive committee of the Inde-
pendence Day celebration met last
afternoon at the office of Collector Dillon
and about finished up all the business.
There are still one or two matters on
hand which will have to be settled be-
fore a report of the entire work can be
published. The committee will meet
again tomorrow afternoon at Collector
Dillon's office, when it is thought that
everything will be finally settled.

The finance committee report that
after all bills have been paid there will
be a balance in the treasury of \$123.99
in United States coin and \$3 in Mexican
currency. At the meeting yesterday
afternoon there was a good deal of dis-
cussion as to what to do with the
balance. It was decided that to
divide equally this small
amount between the two companies of
El Paso boys who are in the service
would give neither enough to do them
any material good, so it was deter-
mined to turn over this amount to the
public library fund. To that end Mr.
Kohlberg has the list, going around to
the subscribers of the funds generally
to see if that disposition of it will be
satisfactory to them. This matter will
come up for final action at the meet-
ing tomorrow at 4 p. m.
